SAFE BD

NEXT-GEN NATIONAL CIVIC SECURITY & EMERGENCY GRID

NATIONWIDE CRIME REDUCTION BLUEPRINT

THE STRATEGIC BREAKTHROUGH

How SAFE BD Disrupts Bangladesh's Crime History & Crime Rates

Bangladesh's crime deterrence has historically suffered from three systemic vulnerabilities: **delayed police dispatch**, **fear of harassment during reporting**, and **loss of critical forensic evidence**. SAFE BD completely dismantles this cycle through zero-compromise citizen surveillance technology.

3 Seconds	100%	641 Thanas	-65%
EMERGENCY BROADCAST DELAY	COURT-ADMISSIBLE VAULT EVIDENCE	DIRECT POLICE REACH (01320 SERIES)	PROJECTED STREET HARASSMENT & ROBBERY

CORE TECHNOLOGICAL PILLARS ERADICATING IMPUNITY

Covert Evidence Blackbox & Cloud Vault

When triggered, phone instantly records audio/video with zero screen glow or indication, immediately streaming tamper-proof footage directly to private Google Drive storage.

Crime Impact: Criminals can no longer erase evidence by smashing or seizing the phone. Destroys extortion, false denials, and political protection.

1-Tap SOS with Instant 999 CAD Relay

Single button press broadcasts precise GPS coordinates, citizen blood group, and emergency alerts simultaneously to family circles and the national 999 police dispatcher.

Crime Impact: Slashes emergency response lag from 45+ minutes to minutes. Intercepts mugging, abduction, and assault mid-incident.

Walk With Me & Live Route Guardian

Automated route tracking with geofenced checkpoints for women, night commuters, and students. Triggers auto-escalating alarms if route deviates or movement freezes.

Crime Impact: Eliminates predatory street crime and roadside abduction by maintaining continuous virtual witness custody until destination reached.

shurokhaAI: Direct 641 Thana Access

Instant directory AI linking every citizen to all 641 Thanas (OC, 24/7 Duty Officer, Investigation) on new official 01320-series lines, with typo-tolerant fuzzy search.

Crime Impact: Removes bureaucratic friction and middlemen. Citizens can summon their local police station leadership in under 5 seconds.

HISTORICAL REALITY VS. THE SAFE BD PARADIGM

CRIME DIMENSION	TRADITIONAL BANGLADESH REALITY	WITH SAFE BD DEPLOYED
Street Harassment & Eve-Teasing	Zero physical witnesses; perpetrators flee with impunity.	Covert auto-vault preserves faces, voices, and time-stamped location.
Robbery & Armed Extortion	Victims silenced; phones seized or smashed to kill proof.	Evidence auto-synced off-device before robber touches the screen.
Night Transport Abduction	No trail; family discovers danger hours or days later.	Live route broadcast; deviation instantly alerts guardian circle.
Police Accessibility & Dispatch	Hunting for outdated numbers; delayed intervention.	Instant 1-tap call to 24/7 Duty Officer and direct 999 CAD integration.
